## **About ReCor Medical**

At ReCor Medical, we are pioneering Ultrasound Renal Denervation (uRDN) therapy to treat hypertension, the leading cardiovascular risk factor in the world. With our Paradise™ uRDN System, we're on a mission to provide the millions of people who suffer from hypertension with a non-drug and minimally invasive option to lower their blood pressure safely and effectively. Join us on our journey and make a meaningful impact on the lives of people around the globe.

## **Position Summary**

This VP of Sales – West will lead a commercial sales team, including coaching, developing, and executing strategies to drive company objectives. The VP of Sales will drive business integrations to identify and evaluate market opportunities and execute growth strategies to maximize the revenue growth and profitability of ReCor Medical's products. The VP of Sales oversees and manages the sales team, budgets, and resources in a defined geographic region in order to achieve established targets for sales, expense control, and market penetration. In addition, the Sales of VP is responsible for customer relationships (both physician and administrative) and focused KOL relationships in the zone.

## **Responsibilities and Duties**

- Lead the team that will launch Paradise (Ultrasound Denervation System), the first ever renal denervation product into the market.
- Work closely with senior management to set the culture and strategic direction.
- Accountability for the overall management, strategy, and leadership for the business in the assigned geography, including sales, margins, market share, growth, and people leadership.
- Hire, train, develop, coach, recognize and retain high caliber sales reps committed to excellence in sales performance, people management, customer care and partner relationship building.
- Motivate, lead and inspire Cardiology Sales Executives and Clinical Consultants to perform to their best abilities; provides required training and development, coaching and conducts regular calls and field visits to develop clinical and sales employees within Region.
- Responsible for managing P&L, ensuring business functions drive operational efficiencies and improving margins to meet the financial profile.
- Develops relationships with key accounts and KOLs in the area that have can have a national impact.
