

ReCor Medical

Ultrasound Denervation Therapies

Manager, Business Intelligence

Department: G&A - Finance

Reporting to: Chief Financial Officer

Location: US

Workplace Type: Remote

About ReCor Medical

At ReCor Medical, we are pioneering Ultrasound Renal Denervation (uRDN) therapy to treat hypertension, the leading cardiovascular risk factor in the world. With our Paradise™ uRDN System, we're on a mission to provide the millions of people who suffer from hypertension with a non-drug and minimally invasive option to lower their blood pressure safely and effectively. Join us on our journey and make a meaningful impact on the lives of people around the globe.

Position Summary

The individual will efficiently build, maintain and present critical insights related to sales performance and process optimization that support in driving revenue growth. Additionally, the candidate will foster partnerships and collaborate with functional groups to lead report transformation and improve procedures to reliably provide leadership with information quickly to make decisions.

Responsibilities and Duties

- Be an advocate for the Commercial (Sales & Marketing) team with various functional teams to ensure alignment, collaborate efficiently and complete projects
- Plan, design, and implement comprehensive reporting processes to support initiatives related to analyzing sales performance, personnel efficiency, territory optimization and industry data with the aim of improving efficiency and performance
- Support creation and adoption of reporting applications as a subject matter expert by leading training sessions and providing standard processes
- Responsible for the revenue monthly and quarterly forecast process, closely working with commercial team members. Support preparation of Monthly/Quarterly Business Review (MBR/QBR) packages
- Support Strategic Finance Transformation initiatives, partnering with global Finance leads to ensure readiness on process, resources, and systems
- Work with the Global finance team to drive the development of the annual budget, quarterly forecasts and Long-Range Plan processes across all functions
- Support transparency reporting and other compliance activities as required
- Ensuring internal controls and governance procedures are followed
- Support ad-hoc internal, division, group, and corporate requests as needed

Requirements

- 8+ years of experience in complicated corporate finance environments (preferably in-house corporate finance)
- A grasp of the medical device industry and its complex, highly regulated landscape is desirable.

ReCor Medical

Ultrasound Denervation Therapies

- In-depth experience with financial systems, including implementation, usage, and enhancement (e.g., financial planning applications, ERP, CRM, Power BI, etc.)

COVID-19 vaccination requirements

At ReCor Medical, we care, we collaborate, we challenge, and we create. Pursuant to these core values, we are focused on the health and safety of our employees, as well as the teamwork essential for innovation of our pioneering technology.

COVID19 vaccines are required for all ReCor US office employees effective June 10, 2021, as well as all new US office employees joining our company. Fully vaccinated persons are those who are ≥ 14 days post-completion of the recommended series of an FDA-authorized COVID-19 vaccine.

Equal Employment Opportunity

At ReCor Medical, we value bringing together individuals from diverse backgrounds to develop new and innovative solutions for patients. As an equal opportunity employer, we do not discriminate on the basis of race, color, religion, national origin, age, sex (including pregnancy), physical or mental disability, medical condition, genetic information gender identity or expression, sexual orientation, marital status, protected veteran status, or any other legally protected characteristic.
